Track Record

Pakistan & East Africa Connecting Europe (PEACE) Submarine System Mediterranean Sea Section

Overview

PEACE system is initially a 15,000 km submarine cable from Pakistan to France, extended from Pakistan to Singapore for an additional 6,500km, with main trunk landing in Singapore, Pakistan, Kenya, Egypt and France and branches to the Maldives, Malta and Cyprus.

In 2021, SBSS was contracted by HMN to install over 2,500km FO cable for the Mediterranean section.

Scope of Work

- Installation of 2,590km FO cable and burial of 549km
- Post-lay burial of 24km

Project Highlight

PEACE Med was SBSS's first telecom project in Mediterranean Sea. As the system spans multiple countries, the vessel inevitably need to shuttle between two or more countries during the installation. In order to ensure the uninterrupted operation, SBSS Project Management team communicated effectively with local authorities and delivery the project in time.
